

"WE SCARE BECAUSE WE CARE"

For 46 years, Newburgh Civitan has provided the premier haunted attraction in the area. This would not be possible without the team work and effort put forth by both our adult (18 + years) and junior Civitan members (6-12 Grade) Throughout the year adult and junior members meet and plan the upcoming season. From makeup and safety plans to sets and props every aspect of the event is discussed and planned.

All the hard work put in helps the juniors and the adults learn to work as a team. While its not always easy we teach and learn together.

In order to make the Haunted House a success, it falls separately on the partnership with sponsors and the dedication of the parent, adult and junior volunteers that we have all throught the year.
